Bulletin #4 of 2023. April 28, 2023 **GENERAL NOTICE BULLETIN** KMB-10 End of Service Life

Products Affected: KMB-10 and earlier models

Kirby Morgan does not have parts, manuals, or exploded views for the KMB 10. The KMB 10 was a US Divers product.

Due to safety concerns, we are not able to offer advice on keeping the KMB 10 or earlier models (KMB 8, 9) in service, as the KMB 10 was **discontinued by US Divers thirty years ago**. These masks have completed their service life.

Because this is life support equipment, in the interest of diver safety, we recommend only that the old equipment be upgraded to newer, serviceable models such as the KMB 18 or KMB 28 BandMasks® and Surface Supplied MOD-1.

Diver wearing Model KMB-10 Band Mask with waterproof electrical connector and umbilical hose.

Please contact your authorized KMDSI dealer or e-mail sales@kirbymorgan.com for more information.
